

## PD2 Amplifier family

Digital low cost amplifier in 3 versions

Field of application

- ✓ Valve amplifier

With cable output for free selection of the connecting plug

Installed on the solenoid coil

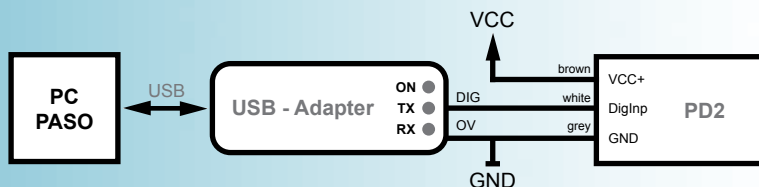

Integrated in Ex-protection solenoid coil

## PASO - Operating software – the universal tool

- ✓ Parameterisation / Programming
- ✓ Process data display
- ✓ Integrated oscilloscope
- ✓ Remote control functions

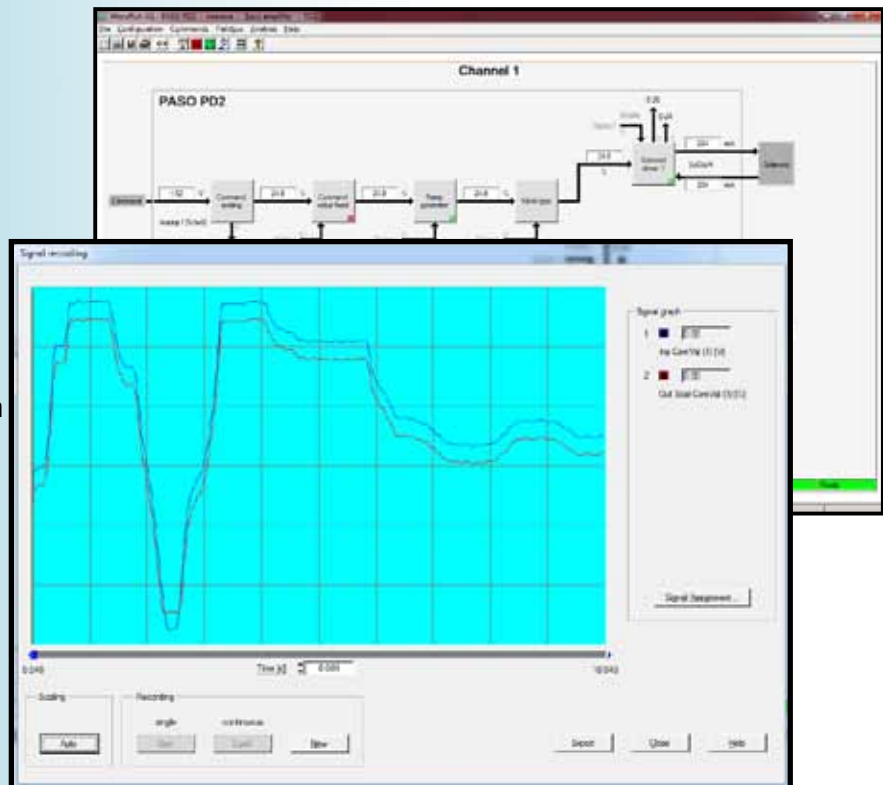

## Analysing – and diagnostics tools

### Process data

- ✓ Clear structures
- ✓ Real time

### Oscilloscope

- ✓ Free signal selection
- ✓ Trigger selectable
- ✓ Signal analysis

## Field-bus – the industrial network

on request

## Further Information

- ✓ PD2 with cable output Data sheet 1.13-64
- ✓ Installed on the solenoid coil Data sheet 1.1-330
- ✓ Integrated in Ex-protection solenoid coil Data sheet 1.1-183
